

Upcoming Autism Workshops

Milestones Autism Organization presents a series of hands-on workshops about effective strategies for playing, communicating, and interacting with children who have communication and/or behavioral challenges.

Early Learner Series

Objectives:

1. Learn ABA techniques to elicit communication and play from children with emerging language skills
2. Identify communication and play skills to teach in the natural environment

Target audience: Families

Cost: \$30.00 per person per workshop or \$45.00 for two family members/caregivers per workshop.
