Milestones Organization is a local organization helping parents and professionals in Northeast Ohio with the everyday challenges of autism. Founded in 2003, Milestones is here for parents today and as their child grows through adulthood.

- Each year, Milestones offers training and education to promote life long strategies for success for individuals on the autism/asperger's spectrum.

Milestones is a place to call for help —

- to find out how to make improvements at home and at school
- to receive referral information about services, programs, social and recreational activities, and individual rights.

Read about the impact of Milestones Programs:

"The first time I went to a Milestones workshop, I was amazed by how much information I was able to take home and use. The speakers went out of their way to help our family to find resources in our area. I wish there were more organizations like this one."

— JoAnne Clarkson, Parent, Wellsville, Ohio

"I am in awe of all the things that Milestones offers to the community and the connections that are made through Milestones. The Milestones Conference was the only experience my husband and I have had where we walked out feeling much more grounded and with the ability to make informed choices. Because of Milestones, now I feel part of a network."

— Carla Carten, Parent, Cleveland Heights

"I see Milestones as one place that anyone can go to see what they need to do to help their kids."

— Steve Wexberg, MD, Cleveland Clinic Beachwood Family Health & Surgery Center
