

The KidsLink School, located in Streetsboro, is currently hiring for classroom behavior therapists. The KidsLink School is a year round program which services students with behavioral and developmental disabilities and related diagnoses. Therapists are expected to work directly with students who have intensive behavioral and/or instructional needs in a 1:1 setting utilizing the principles of Applied Behavioral Analysis. Individuals in this role are paid on an hourly basis (starting rate is \$16.50/hr) working 35 hours per week on our modified school calendar. Supervision for full-time, aspiring BCBA's and BCaBA's is provided at no cost to the employee.

#### Daily Responsibilities:

- Taking frequency, duration, accuracy and anecdotal data throughout the day
- Plotting data points on relevant graphs and analyzing trends
- Creating new materials and updating work sheets and data sheets
- Working under a Board Certified Behavior Analyst and Licensed Intervention Specialist to monitor student academic and behavioral progress
- Implementing individualized behavior support plans and IEPs

#### Job Requirements:

- All applicants must hold or actively be in the process of pursuing a bachelor's degree in a related service field (i.e. – psychology, speech and language pathology, special education, etc)
- Ability to lift and/or physically manage students and adults of varying sizes and weight
- Background, training or experience working in the field of Applied Behavior Analysis preferred
